ROCKWIRED RADIO PROFILES PRESENTS AN EXCLUSIVE INTERVIEW WITH SINGER-SONGWRITER ADAM ZWIG AND CUTS FROM HIS NEW ALBUM VISIONS OF THE SHIMMERING NIGHT

Bad news makes the world go round but good news can bring it to a stop - at least for a few minutes. In an age where rock music is cranking up the amps and shouting about inner turmoil and - in rare instances - social commentary, along comes ADAM ZWIG to turn the volume down and let's love rule. On his latest album VISIONS OF THE SHIMMERING NIGHT, ZWIG's plaintive folk pop sound swoons and stirs and at times electrifies - something that the genre hasn't been able to do since JAMES TAYLOR'S 'SWEET BABY JAMES'. The stand out moments here are the songs WAITING ON HEAVEN (TO MAKE A MOVE) and the single EVERYBODY LOVE which is accompanied by an acclaimed music video.
